

AMBIENTE

The unique side post system of the revolutionary **Ambiente** allows for unlimited movement beneath the sunshade without any obstruction from a central upright post. Just a few turns of the crank handle suffice to open or close the sunshade. Perfect for commercial and residential use.

* Concrete 40 to 50 cm. (16 to 20 inches) thick depending on top surface overlay. Minimum distance between 2 sunshades or from wall to sunshade is 20 cm. or 8 inches

"My Ambiente umbrella is exactly what my deck needed. The design, quality, and workmanship of this product is certainly 'best in class.' Whether its up when we need relief from the sun and rain, or down when we want to enjoy the sunlight or stars, I have the satisfaction and peace of mind of knowing that I chose the best umbrella available."

- Chuck Kelly, Pennsylvania
